

Dear Customers, Business Partners and Fans of the TİSAŞ brand,

As you've just opened our new 2025 product catalog and started to explore our exciting offering of firearms, I would like to take this opportunity to share some information with you.

Founded with the important mission of providing products and services to Turkey's Defense Industry, TİSAŞ TRABZON SİLAH SANAYİ A.Ş. is a world class company that places the utmost importance on ethical values as well as human and environmental issues. We are able to generate solutions to users' needs without giving up our universal principles and have filled our history with achievements. Having manufactured

pistols and military rifles for approximately 30 years for professional users in and outside the country especially for our Armed Forces, TİSAŞ exports 85% of its production to around 60 countries. In addition to this, we have become a company that collaborates with local organizations in the field of lightweight firearms, conducts innovative projects, forms partnerships in international markets and has made a name in the industry.

Behind TİSAŞ's achievements and looking into the future with confidence is the goal and perception of being able to create products, service and solutions to our customers' expectations and needs. We are aware that this requires having highly qualified and experienced personnel in all corporate functions from design to production, from business development to product support. Our well-trained, experienced employees are open to innovation and have a sense of belonging on the topmost level.

By means of our R&D Center, we create authentic models with high added value and offer them to professionals for use and feedback. This partnership gives us strength to do better and uprisers our success not only in our country but also on international platforms. Our goal would be to walk on this path with firm and decisive steps without stopping to become a stronger community.

I believe you will be pleased with the products presented in this newest TİSAŞ catalog and will find the perfect firearm that meets your exact want and needs.

I extend my gratitude to all our employees who have contributed to our achievements, our customers all around the world who appreciate and use our products and make sure that we stay on the right path with their critics and suggestions and our collaborators for their contributions.

Ahmet ALEMDAROĞLU

TİSAŞ Trabzon Silah Sanayi A.Ş.
